Pollinator Habitat at Blueberry Hill Organic Farm

Monday, August 20, 2018 (rain date Tue., Aug. 21)
5:00 p.m. – 6:30 p.m.

Speakers:
Virginia Keith – USDA Certified Organic farmer
Bill Purcell – Natural Resources Conservation Service (NRCS)
Dr. Kimberly Stoner – The Connecticut Agricultural Experiment Station

What you will learn:
• How Virginia established perennial pollinator habitat on her farm
• How her yields increased as a result of incorporating pollinator habitat into her farm
• Role of the NRCS in providing funding and technical assistance for pollinator habitat and other conservation practices
• Overview of crop pollination, the roles of honey bees and native bees in providing this essential service, and how to provide for a diversity of bees and other beneficial insects

Location: 314 Margaret Henry Road, Danielson, CT 06239
Cost: $15.00
